There are two typos in my recent published paper:¹ (i) The second term on the right hand side of Eq. (8) should appear as

$$+\sqrt{2}\sum_{\substack{k,k',q \\ \sigma}}U_{k',k'-q}c_{ck+q\sigma}^{\dagger}c_{vk'-q\sigma}^{\dagger}c_{vk'-\sigma}c_{ck-\sigma},$$

which describes an electron in the CB with spin $-\sigma$ and momentum k being scattered to the CB with opposite spin σ and momentum $k+q$, and at the same time, an electron from the VB with spin $-\sigma$ and momentum k' being scattered to the band with momentum $k'-q$ and spin σ . (ii) The left hand side of Eq. (17) should be $\frac{1}{2\tau'_s(k)}$ instead of $\frac{1}{\tau'_s(k)}$.

Both are just typos and the calculations in the paper are based on the correct formulism.
